Edit the Submit Button

If you would like to edit the text of the form submit button, you can click on the button to edit it. This can be useful if you would like the text of the button to say something other than "Submit".

If you do not see the Submit button, please make sure you have added in at least one field to your form, and then the Submit button will appear.

The image shows a dialog box titled "Buttons". Inside the dialog, there is a label "SUBMIT BUTTON LABEL" followed by a text input field containing the word "Submit". At the bottom right of the dialog, there are two buttons: "Cancel" and "OK".
