Overview

In the rare case you have changed plans and no longer have access to certain connectors, these connectors will be locked on your form so you are unable to re-configure them. However, you will be able to delete these connectors to lessen confusion.

How To Delete Connector

To delete a locked connector, click the dropdown arrow beside of Logs and click

Delete.

The image shows a screenshot of a web form builder interface. At the top, there is a navigation bar with buttons for 'ADD CONTENT', 'THEMES', 'PROPERTIES', and 'OUTLINE'. On the right side of the navigation bar, there are icons for desktop and mobile views, and buttons for 'Preview', 'Undo', 'Redo', and 'Save'. On the left side, there is a vertical toolbar with various icons for editing and layout. The main workspace is divided into two panels. The left panel, titled 'Form Outline', contains a list of form elements: 'First Name' (tfa_1) and 'Last Name' (tfa_3). The right panel shows a preview of the form, titled 'Locked Connector'. The form has a white background and is set against a dark blue background. It contains two text input fields labeled 'First Name' and 'Last Name', and a 'Submit' button. At the bottom right of the preview area, there is a small 'Contact Information' link and a chat bubble icon.
