## Introduction

Whether you're a new or existing customer, it's important to choose the FormAssembly plan that's right for you. You can [visit our website](#) to learn more about each of our Plans and see an in-depth list of features or you can check out our quick comparison below! If you'd like to know more about any of our plans, or about how to upgrade, you can also [reach out to our Sales team here](#).

---

## Professional

This starter plan allows you to easily create customizable forms for data collection purposes. Like all of our plans, you get unlimited forms and responses along with access to our basic features. Here are some of our most popular features available on the Professional plan:

- Save and Resume
- Google reCAPTCHA
- Notification and Auto-response Emails
- Collect payments with options such as PayPal, Stripe, Chargent, and iATS
- Accept file uploads from respondents
- Add and customize the look of your form with Themes
- And many more!

For users who are still in their Professional trial period, you can only use your FormAssembly account email address for email notifications and auto-response emails.

---

## Premier

Our Premier plan comes with everything you see in a Professional plan, plus some powerful additional features. In particular, you can now:

- Prefill your forms from Salesforce

- Connect your forms to Salesforce Marketing Cloud
- Collect E-Signatures
- Accept payments through Authorize.net
- Generate PDFs on demand from the responses page
- Attach PDFs to internal response notifications
- Send PDF copies of responses to Salesforce
- Add Autosuggest menus to your form
- And many more!

For users who are still in their Premier trial period, you can only use your FormAssembly account email address for email notifications and auto-response emails.

---

## Enterprise Cloud

Not only do you get every feature from Professional and Premier, but you also get your own instance of FormAssembly with an Enterprise Cloud plan. This comes with many advantages, including:

- Multiple users (3 to start)
- Control user permissions
- An onboarding call to help you get started quickly
- Choose where your data will reside
- Add authentication such as SSO or requiring a Salesforce Community login before filling out a form
- Custom URLs
- Dynamically prefill picklists from Salesforce
- Work directly with your own Customer Success Manager
- And many more!

---

## Compliance Cloud

Do you work with particularly sensitive data? Our Compliance Cloud plan comes with all of the features from the Professional, Premier, and Enterprise plans, plus even more security and control over data. Some examples of this include:

- HIPAA compliance
- GLBA and NYDFS compliance
- Priority Support
- Service Level Agreement (SLA)
- Data purge settings
- Security and privacy controls for sensitive data

- And many more!
