Highlights

- 📄 **Document Generation is Here** 📄
- Customers on Team, Enterprise, and Government plans have access to all document generation in workflow, plus the following additions:
 - **Attach Documents to Email steps within a workflow**
 - Workflow owners or collaborators can attach a document from any Document step in their workflow to an Email step
 - The attach checkbox on the Email step is now labeled “Attach Document”
 - The document selector dropdown has two sections: Document and Form Response PDF
 - **Document usage**
 - UI updates for document usage on the licensing page

Changes & Bug fixes

-
- Customers can now successfully submit their translation entries on the translation page
- Approvers will be able to access uploaded files when viewing an approval that has been assigned to them
- Fixed issue with ITEM TAX CODE configuration in Cybersource connector and now it will only be visible when the Taxable item is checked
- The licensing page is now organized in a tabular design for general, usage, and add-on details
