Changes & Bug Fixes

- Added a Billing and Subscription page in the Admin dashboard for FormAssembly Atlas Explorer users to view or cancel subscription settings
- The Locked Step tile now has a Configure button to allow user to do minimal edit or delete steps
- Expired FormAssembly Atlas Explorer plan users will now see a Subscription Renewal page upon login
- Disabled the Edit Form button if the user does not have access to the form
- Permissions labels have been renamed within FormAssembly Atlas and FormAssembly Classic accounts.
 - Examples of permission label updates:
 - IATS → IATS Payment
 - PayPal → PayPal Payment
 - Access Analytics Suite Features → Access Analytics
 - Allow user to perform searches over their response data → Allow user to perform searches over Workflow Responses

Stripe Workflow Connector: *The Stripe Workflow Connector is now available to Payments add-on customers on FormAssembly Classic Teams, Enterprise, and GovCloud plans*

- Stripe users can set up one-time charges
 - Stripe Workflow Connector users can add one-time charge line items to checkout
 - Payment ID is written to logs on Stripe Workflow Connector one-time transactions
 - Dependency is marked as a required field on Stripe Workflow Connector line item actions
 - Stripe Workflow Connector one-time charge supports return variables
 - Stripe Workflow Connector subscription actions support return variables
 - Stripe Workflow Connector checkout can contain both one-time and recurring charges
-
